

南洋初級學院
NANYANG
JUNIOR COLLEGE

8 February 2020

Dear JC2 Parent(s) / Guardian(s),

Current Novel Coronavirus situation

Singapore raised its Disease Outbreak Response System Condition (DORSCON) level from yellow to orange on Friday, 7 February 2020. In accordance with MOE guidelines, the college has taken additional precautionary measures to minimise the congregation of students in large numbers.

Some of the measures that we have already carried out in college, besides intensifying the cleaning and disinfecting of common areas in the college, include:

1. Suspension of assemblies, camps and mass celebrations,
2. Division of lecture groups for greater physical separation between students,
3. Staggering of recess time,
4. Continuation of CCAs programmes that will be conducted in smaller groups,
5. Suspension of inter-school activities and external activities until the end of the March School holidays.

In alignment with the above guideline, we will be postponing the CCE Seminar, Edspiration, JC2 Parents Dialogue with Autonomous Universities, Community Leadership Programme, IllumiNYte and National Secondary Schools Translation Competition. We will inform you about the new plans upon confirmation.

The daily temperature taking exercises will continue, and the college will monitor students and staff for any signs of flu-like symptoms. Parents should seek immediate medical attention for their children if unwell, and ensure that their children recover fully before they return to school for classes.

If you have any queries or concerns, please do not hesitate to email us at nyjc@moe.edu.sg.

Thank you.

Yours faithfully,

Low Chun Meng
Principal

Member of the Chung Cheng High School Family
