

Nanyang Junior College

Setting-Up of Student-Initiated Interest Groups

Application Form

Before filling up this application form, you must understand the following:

- ✓ A student-initiated interest group (IG) functions very much like a typical CCA in College, ***but without official college funding and teacher(s)-in-charge.***
- ✓ **Only JC1 students** are allowed to set up an IG. **No sports-based IG** is allowed.
- ✓ Members are to have a CCA before joining any IG.
- ✓ The main motivation for an IG should be that its objectives are meaningful, and beneficial to its members.
- ✓ An IG is expected to uphold the College's name and expectations at all times.
- ✓ The approval to set-up an IG is ***not*** automatic with the submission of this application form. Similarly, the College reserves the right to close an IG already approved and set-up if it deems fit to do so.

(1) What is the proposed name for the interest group (IG)?

(2) Describe in detail the intended objectives of the IG.

This should provide justification why the IG should be set up.

(3) Your IG should have an idea the events it wishes to organise or take part in.

To the best of your ability, provide details of such events.

(4) How frequently would your IG gather for training or practice?

What facilities (e.g. rooms, equipment, etc) would you require to help you carry out your training or practice?

(5) What considerations are in place to ensure that all activities associated with the IG are safely carried out? *Think through this very carefully.*

(7) How would taking part in the events and the practices mentioned above enhance your Life skills and leadership development (refer to My NY Journey)?

(8) Provide details of the students who have already expressed interest to be part of this IG. Include their names, classes, email addresses and contact numbers.
Indicate also who the main contact students(s) should be.
