Two ECG Talks for Parents in September 2020

Dear parents / guardians

We have planned two talks on two Friday evenings in September 2020 regarding career education and guidance matters. While our students are busy preparing for assessments during this period, these talks are a timely reminder that examination grades are only one part of their educational journey. We hope that these talks would give parents greater insight into the choices that are available to students after they have completed their A level education.

These talks will be conducted as Zoom Webinars.

A) Talk by Education & Career Guidance Counsellor, Ms. Saira Kuttan

Date & Time: 18 September (Fri), 7:30pm to 8:45pm

Ms. Kuttan will be speaking on the following topic: 'Changing Landscape of Higher Education and Industries'. Some of the more specific areas she would be focusing on would be: university admissions, overseas universities (US & UK), scholarships and how the pandemic has changed the university landscape. She welcomes parents to post questions before the webinar and would also be conducting a Q & A segment after her talk. This is mainly targeted at J1 parents, as J2 parents might already be more familiar with these topics. Nevertheless, all parents are welcome to join us for this talk.

You may pose questions before the talk at the link: <https://go.gov.sg/nyjc20ecgtalk>

B) Tea Session with Singapore Management University (SMU)

Date & Time: 25 September (Fri), 7:30pm to 9pm

Admissions officers would be sharing more insights about the admission process and conducting a Q & A segment. NYJC alumni would be also sharing about their experiences in SMU.

We will send registration details a week before these events and look forward to meeting you virtually.

Thank you.

Low Chun Meng
